The Blackcat

This year the Blackcat Staff has endeavored to portray life in Mexia High School. Today the memories are so fresh that they hardly seem memories at all, but time even now has changed some of the contents of these pages.

We have added variety by carrying out a theme reminding us of our Mexican neighbors. This is entirely fitting because the early history of Texas was very closely connected with that of Mexico. Mexia itself is a name of Spanish origin as are most names in Mexico.

It is our hope that the contents of this book will recall the good times and lasting friendships of these happy years in Mexia High School.

MEXIA HIGH SCHOOL SONG

In the grand old state of Texas,
Beneath fair Southern skies,
You'll find some lads and lassies,
In whom love and honor lie.
We are gay and free and happy,
Nor courage do we lack,
For we're the true defenders
Of the Crimson and the Black.

When our school days have passed o'er us
And we leave Mexia High,
Still in love with Alma Mater
We will laud her to the sky.
Although we may all be parted,
Fond memories will turn back
To the friends and gay companions
Of the Crimson and the Black.

WARREN FAIN

Each year it is an M.H.S custom to celebrate Western Day. Everyone enters into the festivities by dressing in all kinds of Western attire. Keeping the theme of the west, the students play western games and have contests.
